

DAVE DOOR RAIL

After making practical componentry for years we have taken the knowledge of knurling for grip and put an aesthetical spin on it to make your standard rail more rock and roll.

Turned from solid brass, stainless steel and left raw in order to age like your favourite pair of jeans. A quick polish however will turn your handles back to new and crank your doors up to eleven. Our pre aged finish, aged bronze, is also available that will mature with time and use.
