

Albert Stool

Albert Stool

Albert is an honest, bare bones stool with a raw warmth to its minimal structure. It is designed for purpose and not pretending to be something it is not. Standard is a sleek black leather seat pad capping off a sophisticated look and feel with its built in handle for easy movement.

The minimalist frame is made in stainless steel and powder coated black for an elegant aesthetic.

Care instruction

Wipe down with a damp cloth. Don't not use abrasives and avoid chemicals. Warm mild soapy water can be used on stubborn dirt. Dry surface after cleaning with a clean cloth.

Raw materials

This product is made from raw material and is prone to aging

Timbers, leathers and stones

All these materials are natural and therefore have natural variations in colour, patterns and grains. These materials are also all porous, meaning they will absorb moisture and can stain.
