

DAKOTA

Dakota is a finely machined and versatile piece of architectural hardware. Its minimal form shows off the material it has been crafted from. It can be used as a coat hook or as cabinetry door pulls for a solid and reassuring fixture.

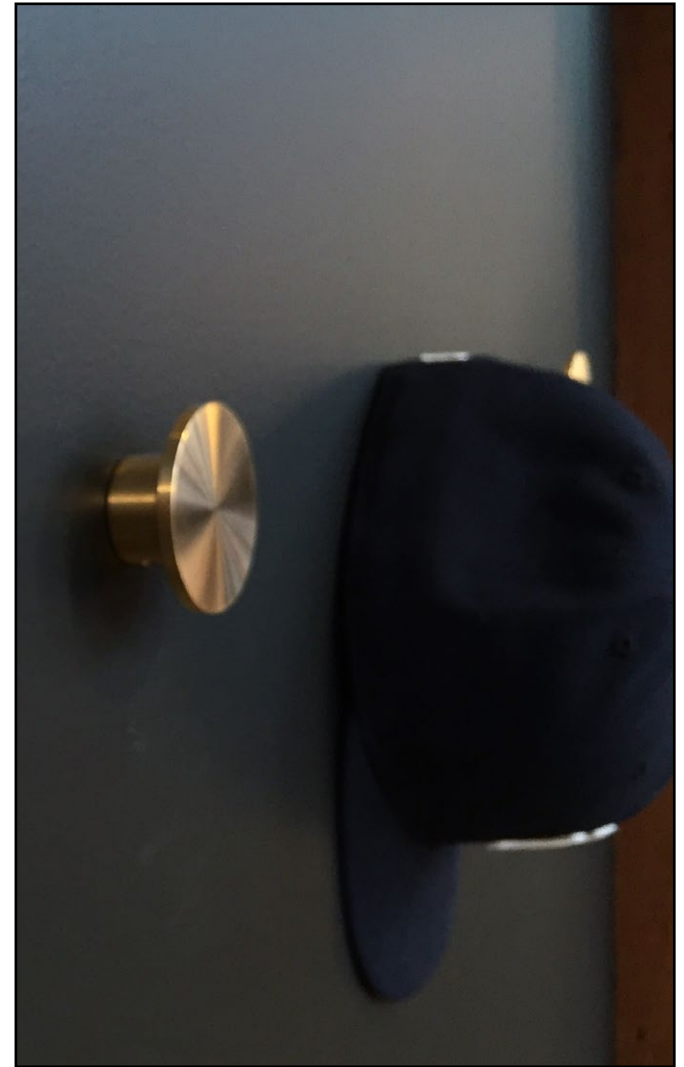

Available in brass and stainless steel with a concealed fixing, Dakota is easy to mount on different surfaces and is suitable for commercial and residential use.

Stainless Steel (SS)

Brass (BR)

Dakota as a coat hook

MATERIAL

Solid Brass*
Solid Stainless Steel

* Living finish
