MADDOX RACK PRODUCT PROFILE

The Maddox rack adds a level of detail and luxury to your shelving system. Precisely machined rods are spaced perfectly to house bottles of wine or alternately hang pots and pans from your ceiling.

For cellars the Maddox rack can be interspersed with shelving to hold wine bottle horizontally and standing. Wine bottle on the rack lay down keeping the cork wet and prolonging the age of the wine. The presented neck of the bottle is facing out making it easy to access when you need that glass of wine in a hurry. The rack is suitable for nearly all wine bottles including magnums.

For overhead shelves the Maddox rack can be cleverly used to add storage through hanging. Coupled with our S hooks, you can hang pots and pans over a kitchen island while still being able to use the top surface of the rack.
